# HYDRIA ON DEMAND

### APPROVALS

US DOT 20425/TC-SH13375

### OPERATING PRESSURE (PSI)

TYP.: 4000      Range: 200 - 4000

### OPERATING TEMPERATURE

-40°C/F - 85°C / 185°F

### OPTIONS

#### Covering

Tarp\*      Hard

#### Fill Location

Rear Fill Only\*      Dual Fill

#### Drain Tube

Optional

#### Telemetry Package

Optional

#### Tires

Super Singles      Dual Tire

#### Pneumatics

Compressor	Fuel on Board	Stored Nitrogen
------------	---------------	-----------------

09/24

## DESIGNED FOR SAFETY

- Largest diameter type IV cylinder in the world
- Solid roto-mold HPDE liner
- Highest carbon fiber tensile strength
- Largest cylinder neck in the market
- Customizable manifold and control panel
- Lowest center of gravity
- Fast fill technology
- Telemetry for remote monitoring
- Leading static rollover threshold
- Equipped with thermal and pressure safety devices

# LEASING SERVICES

High-pressure gas storage, gas trailers,  
and cryogenic ISO containers

THE MOST TRUSTED AND EXTENSIVE  
SOLUTIONS FOR GAS STORAGE AND GAS  
TRANSPORTATION.

HYDRIA specializes in providing leasing services for high-pressure gas trailers and cryogenic ISO containers. We understand the importance of meeting your storage and transport requirements, and we are here to assist you every step of the way.

For more than 50 years, Kelley Leasing Partners has been assisting customers with design, budget, and leasing options for a wide range of gas transportation needs. And now as an integrated service, HYDRIA offers the most extensive knowledge and solutions.

HYDRIA's expertise includes tailoring a comprehensive system for storing and distributing gases suited for any application. From project planning to feasibility, we excel at every stage. Count on us to assist you in determining volumes, specifying essential equipment, and effortlessly calculating transport economics.
